

# NCTLA SPRING 2023 CONFERENCE

## ***Resilience & Reinvention: Working Together to Reshape Academic Support***

### **Call for Proposals**

We would like to invite learning center administrators and other participants to present a session or facilitate a roundtable discussion during our one-day regional conference hosted by NCTLA. Together, we will explore the future of academic support in higher education. With our rapidly changing landscape, academic learning centers must remain resilient in finding new and innovative ways to support students and help them succeed in the face of uncertainty and change.

### **How has your learning center re-invented itself?**

We are seeking conference proposals for 30-minute breakout sessions that will be followed up with group discussions related to how your center and your college have answered this question. Potential areas of focus could be on the re-invention or re-shaping of your center's

- physical space
- tutor recruitment, training and pay policies
- strategies for working with diverse student populations
- best practices for addressing learning loss

Are you interested in leading a discussion on a related topic? If so, please follow the link to our proposal submission form and share with us how you would like to be involved.

[\*\*Submit your Proposal\*\*](#)

We would love for you to lead us in creating more effective, efficient, and equitable support systems that help our students succeed and thrive in the community college!

### **WHEN:**

Monday, April 24th  
9 am - 4 pm

### **WHERE:**

Eastern Region  
Central Region  
Western Region
